Topic: Online Safety Dilemmas

Vocabulary Bank

| Vocabulary | Definition |
|--------------------------|--|
| Cyberbullying | A form of bullying or harassment using online forms of contact such as social media or messenger apps. |
| Catfishing | When someone steals your photos and uses them as your own, usually in a bid to trick or fool someone online. |
| Dissing | The act of commenting on a status with insults to a specific person. |
| Phishing | The attempt to obtain sensitive information such as usernames, passwords or other personal details for malicious reasons often disguised as something trustworthy. |
| Trolling | When a user anonymously abuses or intimidates others online for fun. |
| Roasting | When a person/group of people pick on another person and vent the most offensive abuse online until the other person completely 'cracks'. |
| Hacker | People who gain unauthorised access to data using a computer or mobile device. |
| Report | Telling of any harassment or abuse that you have received online through the app which then hopefully can be dealt with safely to avoid this occurring again. |
| Doxxing | The publishing of an individual's home address or bank details etc. |
| Digital Footprint | A digital footprint is a trail of data you create while using the Internet. It includes the websites you visit, emails you send, and information you submit to online services |
| Fake News | Fake news is a form of news consisting of deliberate disinformation or hoaxes spread via traditional news media (print and broadcast) or online social media. |
| Block | On the Internet, a block or ban is a measure intended to restrict access to information or resources. |

Key Facts

- Everything that we post online can be seen and traced
- Our words online have the same effect on others as they would in everyday life
- Users can be reported and blocked if unkind online
- It is important that we leave a kind and safe digital footprint online
- One in four teenagers suffered hate incidents online last year

DIGITAL FOOTPRINTS

What do yours say?

BE CAREFUL ABOUT:

- What you share.
- Where you share.
- With whom you share.

BE SMART ABOUT:

- Sites you visit.
- Emails you open.
- Links you click.

BE YOURSELF
but be your best self.

Apply it

To have completed an online journal of responses and actions on how to deal with various online situations. These are to be presented as ebooks using Google Slides.
